

Facing the Future Together - Learn how to Form Successful School Business Partnerships

"A simple roadmap to better schools"

What does Partnership look like and How can it help me?

This book will give you the tools to change education to a positive experience for every child, motivate students, educator and employees, while developing valuable resources for schools and businesses. This new model of partnership and teamwork will bring all sectors of your community together like never before!

In this book you will discover how to:

- Build a successful school-business partnership
- Increase student performance in reading, science & math
- Motivate and inspire students
- Strengthen arts and career technical programs
- Provide up-to-date training in current technology
- Recruit better-trained and accountable employees into your business
